Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.

Special Plan Provisions

Participating Providers include Physicians, Hospitals and Other Health Care Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

Not every medical service, test or supply is covered by the plan, even if prescribed, recommended, or approved by your physician. It is your responsibility to know the copayments and what services are covered and what services are not covered.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number**

shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Additional Programs

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

Important Notices

Direct Access to Obstetricians and Gynecologists

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to

obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Selection of a Primary Care Provider

This plan generally allows the designation of a primary care provider, however it is not necessary. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

How To File Your Claim

If your plan provides coverage when care is received only from In-Network providers, you may still have Out-of-Network claims (for example, when Emergency Services are received from an Out-of-Network provider) and should follow the claim submission instructions for those claims. Claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by calling Member Services using the toll-free number on your identification card.

CLAIM REMINDERS

- **BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA'S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.**
YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
- **BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.**

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.

WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

Eligibility - Effective Date

Employee Insurance

This plan is offered to you as an Employee.

Eligibility for Employee Insurance

You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, regular, full-time, job share or part-time Employee or members of the City Council; and
- you normally work at least 20 hours a week; and
- you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the New Employee Group Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

For purposes of continuing plan eligibility, Eligible Employee means an individual who as a result of a look-back measurement period as determined by the Plan Sponsor, is considered to be an eligible employee during the immediately preceding stability period. A look-back measurement period is a prior period of (3 – 12) months used to determine whether an employee has satisfied the required hours of service for plan eligibility. A stability period is a period preceding the look-back period during which the employee's eligibility status is set. The length of the stability period will generally match the length of the eligibility period.

Initial Employee Group: You are in the Initial Employee Group if you are employed in a class of employees on the date

that class of employees becomes a Class of Eligible Employees as determined by your Employer.

New Employee Group: You are in the New Employee Group if you are not in the Initial Employee Group.

Sworn police and fire employees who qualify for an accidental disability retirement under the Public Safety Personnel Retirement System and elect retiree medical within 90 days of leaving employment with the City of Scottsdale and are not eligible for Medicare/Medicaid benefits are also eligible. An election to join the plan must be made within 30 days of the day monthly pension benefits begin and within 90 days of leaving employment with the City of Scottsdale.

Eligibility for Dependent Insurance

You will become eligible for Dependent insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

Waiting Period

Initial Employee Group: None.

New Employee Group: None.

Classes of Eligible Employees

Each Employee as reported to the insurance company by your Employer.

Effective Date of Employee Insurance

You will become insured on the date you elect the insurance by signing an approved payroll deduction or enrollment form, as applicable, but no earlier than the date you become eligible.

You will become insured on your first day of eligibility, following your election, if you are in Active Service on that date, or if you are not in Active Service on that date due to your health status.

Late Entrant - Employee

You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction (if required).

Dependent Insurance

For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Effective Date of Dependent Insurance

Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form (if required), but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included.

Your Dependents will be insured only if you are insured.

Late Entrant – Dependent

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction (if required).

Exception for Newborns

Any Dependent child born while you are insured will become insured on the date of birth if you elect Dependent Insurance no later than 30 days after birth. If you do not elect to insure your newborn child within such 30 days, coverage for that child will end on the 30th day. No benefits for expenses incurred beyond the 30th day will be payable.

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Prescription Drug Benefits

For You and Your Dependents

Covered Expenses

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy, for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, Cigna will provide coverage for those expenses as shown in the Schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent is issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by Cigna, as if filled by a Participating Pharmacy.

Limitations

Each Prescription Order or refill shall be limited as follows:

- up to a consecutive 30-day supply, excluding Specialty Medications, at a retail Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
- up to a consecutive 90 day supply at a home delivery Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
- to a dosage and/or dispensing limit as determined by the P&T Committee.

In the event that you insist on a more expensive "brand-name" drug where a "generic" drug would otherwise have been dispensed, you will be financially responsible for the amount by which the cost of the "brand-name" drug exceeds the cost of the "generic" drug, plus the required Copayment identified in the Schedule.

Coverage for certain Prescription Drugs and Related Supplies requires your Physician to obtain authorization prior to prescribing. If your Physician wishes to request coverage for Prescription Drugs or Related Supplies for which prior authorization is required, your Physician may call or complete the appropriate prior authorization form and fax it to Cigna to request a prior authorization for coverage of the Prescription Drugs or Related Supplies. Your Physician should make this request before writing the prescription.

If the request is approved, your Physician will receive confirmation. The authorization will be processed in our claim

system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the authorization will depend on the diagnosis and Prescription Drugs or Related Supplies. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, your Physician and you will be notified that coverage for the Prescription Drugs or Related Supplies is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered.

If you have questions about a specific prior authorization request, you should call Member Services at the toll-free number on the ID card.

All drugs newly approved by the Food Drug Administration (FDA) are designated as either non-Preferred or non-Prescription Drug List drugs until the P&T Committee clinically evaluates the Prescription Drug for a different designation. Prescription Drugs that represent an advance over available therapy according to the FDA will be reviewed by the P&T Committee within six months after FDA approval. Prescription Drugs that appear to have therapeutic qualities similar to those of an already marketed drug according to the FDA, will not be reviewed by the P&T Committee for at least six months after FDA approval. In the case of compelling clinical data, an ad hoc group will be formed to make an interim decision on the merits of a Prescription Drug.

Your Payments

Coverage for Prescription Drugs and Related Supplies purchased at a Pharmacy is subject to the Copayment or Coinsurance shown in the Schedule, after you have satisfied your Prescription Drug Deductible, if applicable. Please refer to the Schedule for any required Copayments, Coinsurance, Deductibles or Maximums if applicable.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

A necessary, reasonable and customary service or expense, including deductibles, coinsurance or copayments, that is

covered in full or in part by any Plan covering you. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent

with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child;
 - then, the Plan of the parent not having custody of the child, and
 - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare,

where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. Cigna will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, Cigna will determine the following:

- Cigna's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, Cigna will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the

"other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Medicare Eligibles

Cigna will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

- (a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
- (b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
- (c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;
- (d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;
- (e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;
- (f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

Cigna will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Domestic Partners

Under federal law, the Medicare Secondary Payer Rules do not apply to Domestic Partners covered under a group health plan when Medicare coverage is due to age. Therefore, when Medicare coverage is due to age, Medicare is always the Primary Plan for a person covered as a Domestic Partner, and Cigna is the Secondary Plan. However, when Medicare coverage is due to disability, the Medicare Secondary Payer rules explained above will apply.

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;
- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof

including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.

- By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.

Payment of Benefits

To Whom Payable

Medical Benefits are assignable to the provider. When you assign benefits to a provider, you have assigned the entire amount of the benefits due on that claim. If the provider is overpaid because of accepting a patient's payment on the charge, it is the provider's responsibility to reimburse the patient. Because of Cigna's contracts with providers, all claims from contracted providers should be assigned.

Cigna may, at its option, make payment to you for the cost of any Covered Expenses from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from

the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment.

Calculation of Covered Expenses

Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology,
- the methodologies as reported by generally recognized professionals or publications.

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.

- the date Dependent Insurance is canceled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

Rescissions

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

Federal Requirements

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

Notice of Provider Directory/Networks

Notice Regarding Provider/Pharmacy Directories and Provider/Pharmacy Networks

If your Plan utilizes a network of Providers, a separate listing of Participating Providers who participate in the network is available to you without charge by visiting www.cigna.com; mycigna.com or by calling the toll-free telephone number on your ID card.

Your Participating Provider/Pharmacy networks consist of a group of local medical practitioners, and Hospitals, of varied specialties as well as general practice or a group of local Pharmacies who are employed by or contracted with Cigna HealthCare.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 30 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special

enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse/domestic partner only; Employee and spouse/domestic partner; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse/domestic partner and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage. Dependent children who were already Dependents of the Employee but not currently enrolled in the Plan are not entitled to special enrollment.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
 - divorce or legal separation;
 - cessation of Dependent status (such as reaching the limiting age);
 - death of the Employee;
 - termination of employment;
 - reduction in work hours to below the minimum required for eligibility;
 - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
 - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or

- the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of employer contributions (excluding continuation coverage).** If a current or former employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.
- **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective on the first day of the calendar month following receipt of the request for special enrollment.

Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage Elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if your Employer agrees and you enroll for or change coverage within 30 days of the following:

- the date you meet the criteria shown in the following Sections B through F.

B. Change of Status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court Order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid Eligibility/Entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in Cost of Coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in Coverage of Spouse or Dependent Under Another Employer's Plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

Eligibility for Coverage for Adopted Children

Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Coverage for Maternity Hospital Stay

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain

providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.

Women's Health and Cancer Rights Act (WHCRA)

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

Group Plan Coverage Instead of Medicaid

If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

Obtaining a Certificate of Creditable Coverage Under This Plan

Upon loss of coverage under this Plan, a Certificate of Creditable Coverage will be mailed to each terminating individual at the last address on file. You or your Dependent may also request a Certificate of Creditable Coverage, without charge, at any time while enrolled in the Plan and for 24 months following termination of coverage. You may need this document as evidence of your prior coverage to reduce any pre-existing condition limitation period under another plan, to help you get special enrollment in another plan, or to obtain certain types of individual health coverage even if you have health problems. To obtain a Certificate of Creditable Coverage, contact the Plan Administrator or call the toll-free customer service number on the back of your ID card.

Requirements of Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified

by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Following continuation of health coverage per USERRA requirements, you may convert to a plan of individual coverage according to any "Conversion Privilege" shown in your certificate.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA or an available conversion plan at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

Claim Determination Procedures

The following complies with federal law. Provisions of the laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on either a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. This prior authorization is called a "preservice Medical Necessity determination." The Certificate describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care provider) must request Medical Necessity determinations according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not Medically Necessary, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents, and in the determination notices.

Preservice Medical Necessity Determinations

When you or your representative request a required Medical Necessity determination prior to care, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna's Physician will defer to the determination of the treating Physician, regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow Cigna's procedures for requesting a required preservice Medical Necessity determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Medical Necessity Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent Medical Necessity determination at least 24 hours prior to the expiration of the approved period of time or number of

treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Medical Necessity Determinations

When you or your representative requests a Medical Necessity determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Postservice Claim Determinations

When you or your representative requests payment for services which have been rendered, Cigna will notify you of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim; the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable; upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the

adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Medical - When You Have a Complaint or an Appeal

For the purposes of this section, any reference to “you,” “your,” or “Member” also refers to a representative or provider designated by you to act on your behalf; unless otherwise noted.

“Physician Reviewers” are licensed Physicians depending on the care, service or treatment under review.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start With Member Services

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, contractual benefits, or a rescission of coverage, you may call the toll-free number on your Benefit Identification card, explanation of benefits, or claim form and explain your concern to one of our Member Services representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Appeals Procedure

Cigna has a two-step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing to Cigna within 365 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask Cigna to register your appeal by telephone. Call or write us at the toll-free number on your Benefit Identification card, explanation of benefits, or claim form.

Level-One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level-one appeals, we will respond in writing with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination, and within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay.

If you request that your appeal be expedited based on (a) above, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level-one appeal would be detrimental to your medical condition.

Cigna’s Physician Reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, Cigna will respond orally with a decision within 72 hours, followed up in writing.

Level-Two Appeal

For a level-two appeal, the covered person must make his/her request to City of Scottsdale in writing. The City of Scottsdale Benefits Coordinating Committee reviews second level appeals. The request must be filed within 60 days of the date of receipt of the level one notice of adverse benefit determination. The request must provide additional information and contain a copy of the reviewed denial letter and be filed by mail or hand delivered to:

City of Scottsdale Benefits Division
9191 E. San Salvador
Scottsdale, AZ 85258

It is the duty of the covered person to provide copies of the denial letter, all supporting bills and medical provider letters relative to medical condition and treatment, stating why the claim should be paid.

The covered person does not need to attend the meeting of the City of Scottsdale Benefits Coordinating Committee. Should the covered person request to attend; they must notify the Benefits Coordinating Committee in writing indicating who would attend. Only the covered person and/or one representative may attend. The Benefits Coordinating Committee has the right to impose reasonable time limits on any presentation by the covered person or their representative.

Requests for appeal, which do not comply with this procedure and time limitation, will not be considered.

For level-two appeals, the City of Scottsdale will respond with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination, and within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will request an extension and specify any additional information needed to complete the review.

Independent Review Procedure

If you are not fully satisfied with the decision of Cigna's level-two appeal review and the appeal involves medical judgment or a rescission of coverage, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by Cigna HealthCare, or any of its affiliates. A decision to request an appeal to an Independent Review Organization will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this Independent Review Process. Cigna will abide by the decision of the Independent Review Organization.

To request a review, you must notify the Cigna Appeals Coordinator within 180 days of your receipt the level-two appeal review denial.

Appeals Unit
PO Box 188011
Chattanooga, TN 37422
Fax: 877-815-4827

Cigna will then forward the file to the Independent Review Organization. The Independent Review Organization will render an opinion within 45 days.

When requested, and if a delay would be detrimental to your medical condition, as determined by Cigna's Physician Reviewer, or if your appeal concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but you have not yet been discharged from a facility, the review shall be completed within 72 hours.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim; the specific reason or reasons for the adverse determination; reference to the specific plan provisions on which the determination is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; upon request and free of charge, a

copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of an adverse determination will include a discussion of the decision.

Relevant Information

Relevant Information is any document, record or other information which: was relied upon in making the benefit determination; was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

In most instances, you may not initiate a legal action against Cigna until you have completed the Level-One and Level-Two appeal processes. However, no action will be brought at all unless brought within three years after a claim is submitted for In-Network Services.

COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a "qualifying event" that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following

qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct, or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals’ coverage will terminate when your COBRA continuation coverage terminates. The sections titled “Secondary Qualifying Events” and “Medicare Extension For Your Dependents” are not applicable to these individuals.

Secondary Qualifying Events

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your

divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer’s policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);

- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to emergency services only. Because the Plan does not provide out-of-network coverage, nonemergency services will not be covered under the plan outside of the Employer's service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
 - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
 - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
 - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must

provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first

payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation

(e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

Trade Act of 2002

The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance and for certain retired Employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 72.5% of premiums paid for qualified health insurance, including continuation coverage. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TDD/TYY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact.

In addition, if you initially declined COBRA continuation coverage and, within 60 days after your loss of coverage under the Plan, you are deemed eligible by the U.S. Department of Labor or a state labor agency for trade adjustment assistance (TAA) benefits and the tax credit, you may be eligible for a special 60 day COBRA election period. The special election period begins on the first day of the month that you become TAA-eligible. If you elect COBRA coverage during this special election period, COBRA coverage will be effective on the first day of the special election period and will continue for 18 months, unless you experience one of the events discussed under “Termination of COBRA Continuation” above. Coverage will not be retroactive to the initial loss of coverage. If you receive a determination that you are TAA-eligible, you must notify the Plan Administrator immediately.

This benefit plan covers routine patient care costs related to a qualified clinical trial for an individual who meets the following requirements:

- (b) either
 - the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a); or

- services required solely for the provision of the investigational drug, item, device or service;
- services required for the clinically appropriate monitoring of the investigational drug, device, item or service;
- services provided for the prevention of complications arising from the provision of the investigational drug, device, item or service; and

- reasonable and necessary care arising from the provision of the investigational drug, device, item or service, including the diagnosis or treatment of complications.

Routine patient care costs do not include:

- the investigational drug, device, item, or service, itself; or
- items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.

Clinical trials conducted by non-participating providers will be covered at the In-Network benefit level if:

- there are not In-Network providers participating in the clinical trial that are willing to accept the individual as a patient, or
- the clinical trial is conducted outside the individual's state of residence.
